

CHICAGO RUN 2016-2017 ANNUAL REPORT

Reflections on 2016-2017

Executive Director, Alicia Gonzalez

Dear Chicago Run Supporters,

This past year was the beginning of a new journey for Chicago Run as we saw an increased demand for our programs from several new groups, including pre-K teachers, high school students, and community-based non-profits. Meanwhile, we also had our biggest participation numbers this year with **17,228 students** in **43 Chicago Public Schools**, across **28 low-income Chicago communities**. The demand is due in large part to the continued massive budget cuts in the Chicago Public Schools for sports programs, increased attention to the importance of physical activity as vital to students' academic performance, and the need for more youth development programs as the violence continues to escalate in many Chicago Run neighborhoods. But while the challenges seemed to grow, we channeled our energy into figuring out how we can better utilize sport for development and health, and delve deeper into our Chicago communities.

The result was the beginning of a new strategic vision, **Chicago Run 2.0**, which will officially launch in the 2016-2017 school year for peace and violence prevention; building an active foundation for early childcare centers and pre-K classrooms; and program expansion to community centers. **Chicago Run 2.0** also includes two new key programs: **Little Strides**, designed to instill the daily habit of movement in pre-K classrooms [see page 7], and **L.A.C.E. Up!** (Leadership, Action, Community, Endurance), a leadership development program for high school Chicago Run Alumni. Both programs will be piloted in the Fall of 2016 in both schools and community centers.

We invite you to look through our Annual Report, highlighting some of the incredible work that our students, teachers, and families have done to create healthier and safer school environments. Our children and youth inspire us daily and we hope they will inspire you!

Lastly, none of this work would be possible without your unwavering commitment to Chicago Run and to the health of our Chicago children. We are truly grateful for supporters like you who have helped us further our mission and provided us with the resources to expand our health and wellness programs to more children and youth across the city. Thank you for being a part of our journey!

Warmly,

Alicia Gonzalez
Executive Director

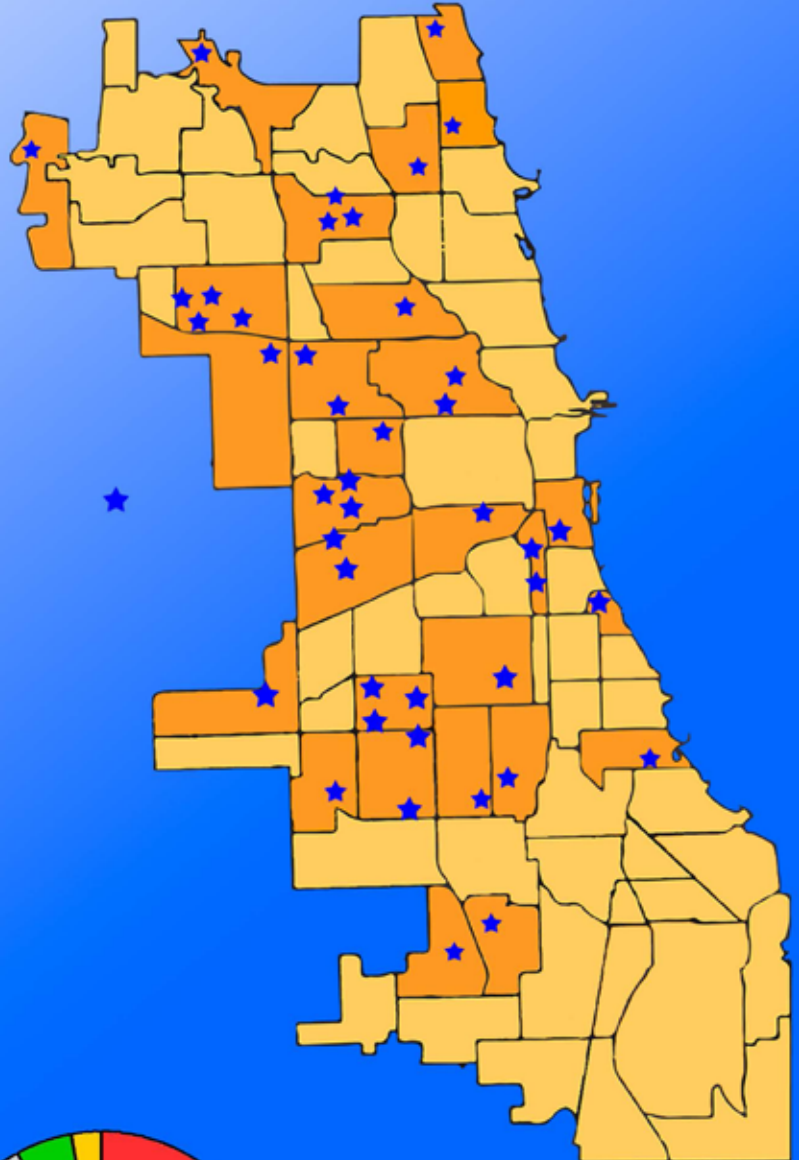

Chet Phillips
Board Chairman

2016–2017 Chicago Run Schools

Chicago Run's mission is to promote the health and wellness of Chicago children through innovative, engaging, and sustainable youth running programs. In addition to improving the health of Chicago youth, Chicago Run programs seek to promote positive self-esteem, cross-community collaboration, and social inclusion in a safe place. Over the past 9 years, Chicago Run has experienced significant growth in its programs due to the demand for physical activity programs and the decreased funding available for sports programs in Chicago.

Student Spotlight

In 2016, Martin Garcia joined the *Running Mates* team at Eli Whitney Elementary in the Little Village neighborhood. From the onset, coaches were quick to observe his leadership and passion for the program and, while he was dedicated to improving himself, it was also clear he had a desire to help his teammates make strides. Martin could be observed leading his peers in stretches prior to a practice or 5k race, as well as cheering them on as they crossed the finish line. As much as he has given

to Chicago Run, Martin is also appreciative of all that the organization has done for him – **“Chicago Run has changed my life in all sorts of ways and I can’t thank them enough for everything they have done for me and others as well.”** Martin is now a freshman at Little Village Lawndale High School where he is a member of both the track and wrestling teams. He is a member of the *LACE Up!* program and looks forward to his continued involvement with Chicago Run. He is eagerly awaiting the day that he's old enough to run the Bank of America Chicago Marathon.

Principal Spotlight

Aundre Hayes has been affiliated in various capacities with Chicago Run over the years. Initially, Aundre’s involvement was as the parent of a Chicago Run program participant. His daughter, Kennedy, then at Sutherland Elementary in the Beverly neighborhood, designed the 2012 Spring Fun Run t-shirt. Aundre was integral in bringing Chicago Run to McKay Elementary in the Chicago Lawn neighborhood, where he currently serves as

a school administrator. **“I have seen the difference that the program has made with my students and staff. They are now more active than ever before... Chicago Run does powerful work.”** This past year, Aundre completed his first ever marathon, running the Bank of America Chicago Marathon as part of Team Chicago Run. **“I thank Chicago Run for the opportunity to do something that I had never envisioned myself EVER doing in life. I am now a marathoner, and there is nothing that can ever take this distinction away from me. I look forward to working closely with them for many more years to come.”**

CHICAGO runners

Chicago Runners is a school-based program for students grades K-5 designed to instill the daily habit of running and physical activity. Students earn incentives (such as a folder or pencil case) as they reach certain milestones on the virtual marathon website (mychicagorun.org). Twice a year all participants are invited to come together for a 1-mile Fun Run to celebrate fitness, health, and community!

Students at Tonti Elementary participate in their "Olympic Fitness Day"

CHICAGO RUNNING Mates

Running Mates is an after school program that meets three times a week designed to prepare middle school students to run in a local race. The program utilizes running to break down racial and cultural stereotypes by bringing students from different neighborhoods together for training runs, volunteer events, field trips, and local races.

- Running Mates participant

"Since participating in Chicago Run, I have seen an improvement in students overall gross motor skills as well as a greater interest in physical exercise"

- Pre-K Teacher at John Murphy Elementary

The *LACE Up!* program is designed for Chicago Run alumni who were previously involved in Running Mates, and now seek to continue their involvement with Chicago Run during high-school and beyond. There are four main components to *LACE Up!*: Leadership; Action; Community; Endurance. During the 2016-2017 school year, *LACE Up!* students participated in 15 volunteer and running events including gift wrapping for Erie Neighborhood House families, running the Race to Wrigley 5k, and interacting with Chicago architects and a Chicago chef, among other professionals. Through these experiences, these Chicago Run alumni have the opportunity to build leadership, coaching, and professional development skills while demonstrating that they are committed to improving their fitness and their communities.

Little Strides

In the 2016-2017 school year, Chicago Run launched the *Little Strides* Preschool program at Erie Neighborhood House along with 15 other Chicago Public Schools. The *Little Strides* program instills the importance of daily physical activity in Early Childhood Classrooms through engaging games and activities that work to develop/improve essential gross motor skills, while also focusing on improving balance and body/spatial awareness. This program curriculum was designed to meet the CPS STARTwell requirements and the GOLD Standard Curriculum. Students in this program work towards participating with their families in a free 1-mile Fun Run/Walk twice a year.

"I'm a shy person, but at Chicago Run I feel like I'm a human being... I can now be a person, myself."

Marathon Aid Station

Since 2009, Chicago Run has hosted the Mile 20 Aid Station at the Bank of America Chicago Marathon. Over 350 volunteers come out to distribute water, Gatorade, and bananas to runners as they conquer "the wall."

97% of Running Mates students agreed that they felt safe at Chicago Run practices and events.

Evidence shows that physical activity improves kids' attention and behavior in the classroom.¹

"When you're with Chicago Run it's a positive environment, it's like a family and it's so cool."
- L.A.C.E. Up! participant

Chicago Run programs have grown by 750% since 2008.

Allowing children to be encounter varying perspectives helps them develop a cultured sense of self and appreciation of diversity.²

Exercise includes an important social component that fosters its benefits on mental health.³

"Chicago Run gave our students the vessel to learn and be active which is critical to our school climate."
- Chicago Runners site coordinator

100% of Running Mates coaches strongly agreed that the program has a positive impact on their students' physical and mental well-being.

Exercise and physical activity and reverse the negative effects of stress on the brain.* quote from Alex's source⁴

92% of Running Mates participants feel healthy, strong, and physically fit because of the program.

THANK YOU, 2016-2017 SUPPORTERS

We are grateful for your support and the difference that it makes for the students, schools, and communities that Chicago Run serves.

Little Steps, Big Stars 2017 Gala

Chicago Run's 9th Annual *Little Steps, Big Stars* gala was held on May 17, 2017 at Galleria Marchetti. 400 guests attended to support Chicago Run's goal to expand their youth-based running programs within Chicago Public Schools and beyond in future years. The highlight of the evening included the presentation of the **Go the Distance Awards to Kurt Summers, City Treasurer, and Al Hamood, Chief Financial Officer, on behalf of TransUnion.** Students from all four Chicago Run programs, spanning from pre-k through high school, were featured on stage to help demonstrate the growth of the programs. Proceeds from this event allow Chicago Run to continue providing running programs that increase physical activity, build self-esteem, and promote leadership in Chicago Public Schools and community centers. **Chicago Run is very grateful for our supporters' investment in the future of Chicago youth and ensuring more students have the opportunity to get to the Start Line!**

Chicago Run 2.0 Strategic Growth Plan

In 2016, Chicago Run released its new strategic growth plan, Chicago Run 2.0. The plan includes expanding programming not just within Chicago Public Schools, but growing additional partnerships with community-based groups, violence prevention centers, and immigrant & refugee organizations. During the 2016-2017 school year, Chicago Run put these steps into action by implementing the Little Strides program in early childhood classrooms at Erie Neighborhood House. Furthermore, Chicago Run piloted the new LACE Up! alumni program, which provides high school alumni with leadership, coaching, professional development, and volunteer opportunities as well as access to fitness & community events. Chicago Run will continue to grow over the next 5 years aiming to nearly double their overall impact and serve 30,000 youth annually.
